

UNLOCKING POTENTIAL TRANSFORMING LIVES

APPLICANT PACK

Electrical Maintenance Engineers (Electrician)

Thank you for your interest in the above role. Below, you will find the job description and person specification, outlining how the different criteria will be assessed throughout the recruitment process. You will also find information on the recruitment and selection process and key dates.

Job Description

Job Purpose	
You will support the Technical Manager in all aspects of Estates work, to provide a comprehensive repairs and maintenance service for electrical and electronic systems, for example small power and lighting systems.	
Please note that there will be a requirement to periodically work on-call hours.	
Key Responsibilities	
1	Carry out reactive and planned maintenance and minor installation works throughout the establishment as instructed to all electrical plant, equipment and systems.
2	Maintain a safe and healthy working environment through regular checking and testing of electrical appliances and installations in accordance with relevant legislation. Participating in an "on-call" rota for emergency repairs, providing area coverage when required.
3	To provide technical support and advice on electrical and electronic issues to the Manager.
4	Identify and order replacement parts and equipment necessary for maintenance activities, in conjunction with the administrator.

Person Specification & Assessment Information

Our selection approach is based upon the principle of merit which means that we will look to appointment the person who best meets the requirements of the role as outlined in the person specification. In determining the most meritorious candidate, applicants will be assessed against the published criteria during the selection process, as detailed below. The most meritorious candidate will be the one who best meets the essential criteria for the role. Performance against any published desirable criteria will only be considered where two or more candidates have performed equally against the essential criteria and there is a need to use the desirable criteria to identify the preferred candidate.
