

UNLOCKING POTENTIAL TRANSFORMING LIVES

APPLICANT PACK

Thank you for your interest in the above role. Below, you will find the job description and person specification, outlining how the different criteria will be assessed throughout the recruitment process. You will also find information on the recruitment and selection process and key dates.

Job Description

Job Purpose	
<p>The Maintenance – Electrician will support the Estates Management team in all aspects of Estates work to provide a comprehensive repairs and maintenance service for SP&N and TP&N distribution systems, including work to small power, inspection and testing, work to final circuits and lighting.</p> <p>There will be a requirement for you to periodically work on call hours, and you may need to travel to other establishments and areas.</p>	
Key Responsibilities	
1	Carry out reactive and planned maintenance and minor works throughout the establishment as instructed to all electrical plant, equipment and systems.
2	Maintain a safe and healthy working environment through regular checking and testing of electrical appliances and installations in accordance with relevant legislation. Participating in an "on call" rota for emergency repairs. It is expected that you will be able to attend your home establishment within 60 minutes of being called out. You will also provide area coverage when required.
3	Monitor and adjust electrical control systems to ensure optimum performance within guidelines as well as electrical inspection and testing.
4	To provide technical support and advice on electrical and electronic issues to the Technical Manager and other staff as necessary.
5	Assume practical responsibility for all electrical installations, and provide timely pre-emptive condition reports to the Technical Manager.
6	Assess and order parts and equipment necessary for individual tasks, in conjunction with the administrator.

Person Specification & Assessment Information

Our selection approach is based upon the principle of merit which means that we will look to appointment the person who best meets the requirements of the role as outlined in the person specification. In determining the most meritorious candidate, applicants will be assessed against the published criteria during the selection process, as detailed below. The most meritorious candidate will be the one who best meets the essential criteria for the role. Performance against any published desirable criteria will only be considered where two or more candidates have performed equally against the essential criteria and there is a need to use the desirable criteria to identify the preferred candidate.
