The current contribution we pay to the ALPHA scheme on a salary of £23,373 is 27.1% of pensionable earnings or **£6334.08** per year.

You are not required to pay a personal contribution. However, if you do make personal contributions, we will match this with an additional employer contribution up to a maximum of 3% of your pensionable earnings.

As well as retirement benefits both schemes include ill health, life cover and family benefits.

If you have worked for a civil service employer before you may be able to continue with membership of your previous scheme.

New staff members will be sent full details of the schemes they are eligible to join before being asked to make a decision.
